## Tutoring Experience

For the past six years, I have worked with students across multiple curricula, helping them excel in IB and A-Level Psychology, as well as IGCSE Sociology. My personal experience as a former IB student allows me to relate closely to my students' challenges and support them with practical advice and resources.

I also focus on providing comprehensive support for exam preparation, from understanding key concepts to helping students refine their assignments. My goal is to empower students with the knowledge and confidence they need to excel in their studies and achieve top results.
